Administrative Report for mid-April to mid-May 2023

Board & Staff

The library is planned to be open from 9:00 a.m. - 11:30 a.m. on Saturday, May 20 and then close to allow staff to attend the Celebration of Life greeting and service for Charlotte, a staff member who recently passed away. Notices will be going out to the public to explain the adjustment to library hours.

The library will be closed to the public on Tuesday, May 30 for a staff in-service. This day was originally picked out as part of the days that the South Central Library System was moving their headquarters and all libraries would be offline during that time. For the in-service staff will participate in the Real Colors Workshop led by UW-Extension, which is a team building exercise that helps participants understand the behavior of their colleagues. There will also be discussion on why we work in libraries, what we collectively are moving towards, and current challenges that libraries are facing today. Finally, staff will undergo some Circulation training.

Longtime staff member Sally has moved on to a new adventure! The Business and Facilities Coordinator position is being reworked into a part time Administrative Assistant position, which is how the position originally started as. This role has been filled by Maria, one of our Library Assistants, who will be an incredible fit in the position given their experience at the Middleton Public Library. With the remaining hours we will be hiring two new Library Assistants to help with staffing the desk and taking our full time staff off of the desk so they can focus on their main job duties. This should also allow us to look ahead and have a staff presence on the lower level.

General

The South Central Library System informed libraries that they are moving their headquarters the weekend of Memorial Day, and the ILS and all library connectivity would be down Saturday, May 27 - Tuesday, May 30. The Monona Library was going to be closed to the public during those days, but was informed by SCLS on Thursday, May 11 that the move is postponed. Director Claringbole informed staff that the library will be open on the Saturday, May 27, still closed Sunday (the first Sunday closure of the summer season) and Monday (Memorial Day). The library will still be closed to the public for the staff in-service (see above).

We received the estimated Dane County 2024 reimbursement. The breakdown is:

Operational: \$145,095
Facility: \$54,535
Total: \$199,630

This amount comes from the 2018, 2019, and 2022 data. Normally there is a consecutive three year rolling average to determine the amounts, but the county board voted to not use 2020 or 2021 data due to the data skew from the pandemic. The 2023 reimbursement was \$217,140, which means the 2024 reimbursement is \$17,510 less. Director Claringbole is talking with Dane County Library Services Director Tracy Herold to talk next steps.

Facility & Grounds

There was a leak located in the Children's Room after a night of heavy rain. Kris from the City went up on the roof to see if he could see any signs of cracks in the roof from the outside. He didn't see anything that warranted having a contractor come up, and provided some small patching. Brad Bruun suggested that the library might want to look at getting a new roof soon.

Tiffany is working with Kris on establishing a video game area in the Teen section, modeling it after other libraries in the area. Director Claringbole and Tiffany looked at the Teen space to see if it makes sense to put a glass wall up between the Teen area and the study rooms. Director Claringbole discussed it with Kris and Brad Bruun, who pointed out the challenges and costs that would be involved, but suggested putting the screen mount on the other side of the space.

Partnerships & Projects

Director Claringbole, Youth Services Coordinator Tiffany, and Alder Bernstein are continuing with the Embracing Equity Leadership summit. Recently they participated in the Core Strengths platform, which helped identify their strengths, and strengths that might need to be improved more.

Youth Services has begun class visits for the Summer Reading Program. Jenna is also assisting as the staff look to greet as many classes as possible.

Youth Services Report

Programs

Youth Services continues to prepare for the summer reading program while also finishing out spring programs from April-May! Angelika continues to have such a strong storytime presence, and we have heard from so many patrons that kiddos are excited to come to our library! While we are running our programs this month, we have been busily preparing for the summer reading program. Angelika also held a very successful Live Insect Steam Saturday this month in partnership with Insect Ambassadors at UW-Madison!

Tiffany got back to Teen Makerspace this month with a paper plant making program. It was a hit and our participants were eager to extend their learning at home. Posca markers (a fine art paint marker) were a big part of this program in designing the leaves, and many decorative and unique leaves were made! This month also was our last Graphic Novel Book Club for the spring (will restart summer) and we had cupcakes and made plans for summer selections!

Outreach

Outreach planning for Summer Reading Program school visits is finalized! Our outreach this year is more extensive than last year, and we have even been contacted by some Madison-area schools to collaborate!

- Winnequah Elementary: Angelika and Tiffany are hosting class walkovers 5/8-5/19 (24 total visits)
- IHM: Jenna is scheduled to visit for two presentations
- Glacial Drumlin: has requested 21 presentations with Tiffany on May 31st and June 1st. Tiffany is working with them to narrow this number down.
- MGHS: Tiffany will be visiting the high school for two days (5/22 and 5/23) during lunch hours with an exciting table setup.
- Nuestro Mundo has one visit planned with Tiffany
- Angelika is working with local preschools/daycares
- Angelika and Tiffany also plan to spend a day visiting local businesses and organizations to hang posters and spread the word about the summer reading program. This is also a great way to get contributions for prize drawings.
- Lindbergh Elementary 4K program has requested a special storytime with us during their field trip to the Dream Park across the street. Angelika will lead.
- Elvehjem Elementary has requested we attend their Art and Culture night to represent the library. We are working to see if we can meet this request.

Partnerships

A huge thank you to Rose Ebel for her AMAZING donation of American Girl Dolls to our library to circulate as kits for our community! This has been a big dream of ours, but it's not always a possibility for libraries to afford. We expect to launch these kits later in the summer and are so thrilled to foster important topics for children and families to learn from with the dolls and books together. These topics include racism, identity, self care, friendships, and more! We couldn't have done it without your support, Rose!

Adult Services Report

- We just took down an exhibit borrowed from the Wisconsin Historical Society, Wisconsin Historical Society, "Crossing the Line: The Fair Housing Marches of 1967-1968." This exhibit spurred a complex and important conversation among staff, community partners, patrons, and the historical society about what it means to present history and original documents that illustrate the attitudes and language of the movement. We are scheduled to host another exhibit, "We Will Always Be Here: Wisconsin's LGBTQ+ Historymakers," in July.
- The team from Dane County Libraries has been working with libraries to establish the next year's goals and programs. We have attended regional workshops, sharing ideas, needs, and aspirations as part of this county-wide program. One project that will likely come out of the Ripple Project is a focus on book banning, the connection to equity, and how communities can take action. More information will likely be available in July or August.
- Attendance and interest in the online author talks (Library Speaker Consortium) is steadily increasing. We are hearing that the programs are easy to attend and offer interesting glimpses into the lives and processes of the authors. We will continue to offer book displays promoting the events and will begin including the programs in our social media.
- SRP preparations are nearly done for adults. This year we have worked to better sync the adult program to youth. Making it a more smooth experience for multi-generation families.
