

Monona is on the move to RECYCLE RIGHT

It's important to **ONLY** put materials in your curbside bin that belong there. Help reduce city costs by reducing "contamination" of clean recycling materials.
Know before you throw!

Cardboard & Milk/Juice Cartons

NO pizza boxes or card stock takeout containers

Dry Paper (Office paper, brown paper bags, etc.)
NO shredded or wet paper, NO paper coffee cups or store receipts

Aluminum Cans, Metal Containers, Metal Lids

NO beer/soda metal bottle caps or aluminum foil

#1 - #7 Plastic Bottles, Jars, Jugs & Containers,
Plastic Tops & Lids

NO plastic bags or plastic packaging materials

Glass Bottles & Jars (from food and beverages)

NO need to remove labels, NO household glass

RINSE ALL GLASS, PLASTIC & METAL CONTAINERS/CARTONS TO
REMOVE AS MUCH ORGANIC RESIDUE AS POSSIBLE.

NO SCRAP METALS, PESTICIDE/PAINT/FUEL CONTAINERS, AND NO STYROFOAM

When in doubt – throw it out in your *trash* bin or check other recycling sources *besides* your curbside bin.

Thank you!
